- 1200 mAh lithium polymer battery
- Materials: Polycarbonate inner casing with aluminum shell
- Dimensions: 82 x 30 x 33mm
- Weight: 66g

Charging

Charge using a computer USB port or wall charger. Charging time depends the USB port, but generally the light is fully charged in 1-2 hours. It is recommended to charge the unit at least once every two months when not in regular operation.

Operation

Press power button once to turn on and repeatedly to scroll through the different modes: High / Low / Strobe / Blink / Off.

While in use, the charge indicator will shine blue. Once the battery reaches less than 10% capacity, the indicator will switch to red.
